# Submitting RSS to iTunes

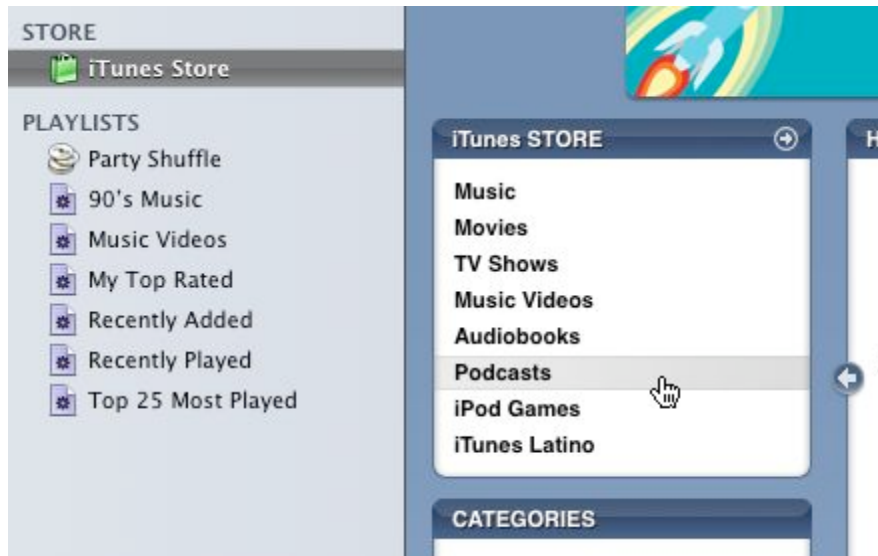

From the homepage of your website click on the “Subscribe: button.

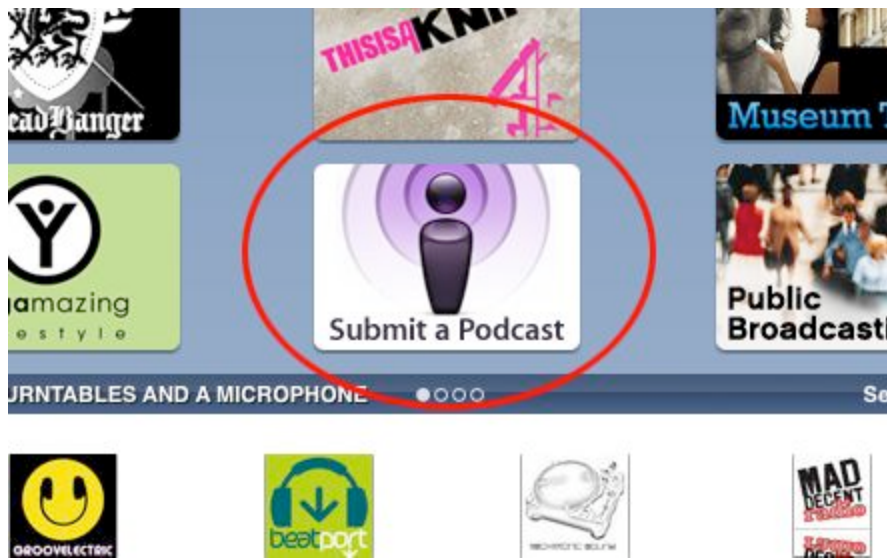

Right-click on the “iTunes” logo and click on “Copy Link Location”. That will copy your show’s RSS feed.

Launch iTunes and navigate to the podcasting section in the iTunes store.

Click on "Submit a Podcast"

Paste the link you copied into the “Podcast Feed URL” entry box and press continue.

Change the “itpc” to “http” in the feed URL and press “Continue”.

You have to sign-in to complete the process. Simply follow the prompts in iTunes to finish.
